

Suggestion Regarding Design and Functionality of the Department Website

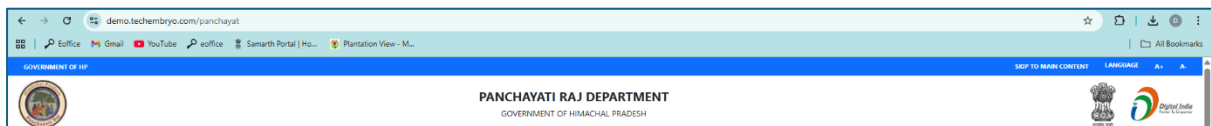

1. Home Page:

a. In the Top Utility Bar

- The language switch button (English ↔ Hindi) is currently not functioning.
- Ensure proper integration of language toggle as per GIGW bilingual website guidelines.

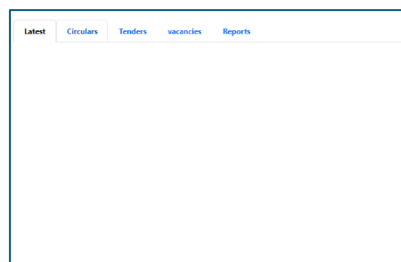

- In the **Header bar**, the Department Logo which is in the left side should be in the Right side and in the Left side there should be the logo of Government of HP.

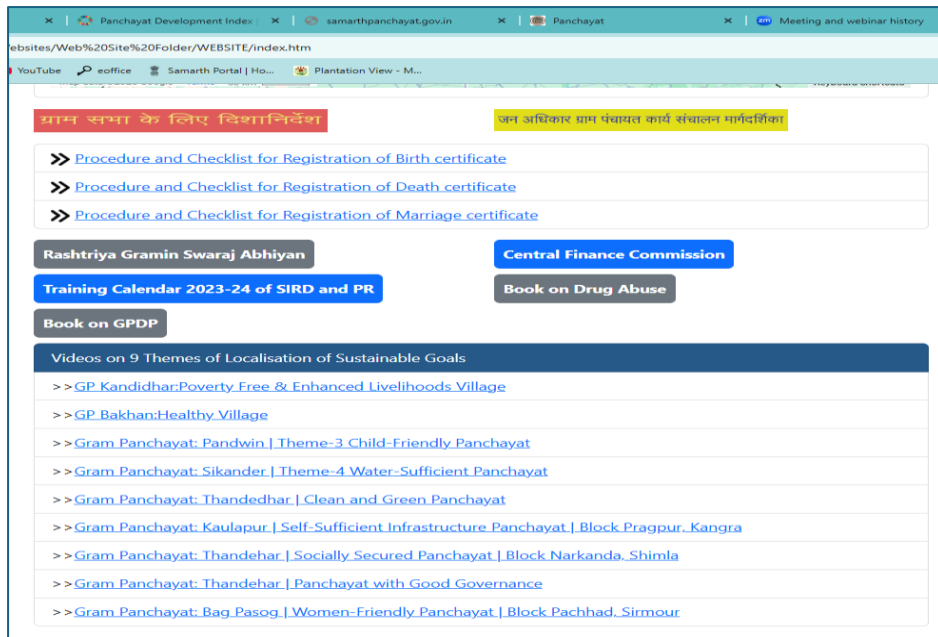

- In the Slider, currently we can show only image but there should be option to also provide a text overlays or clickable link on the image.

- In the **Notifications & Updates Section** as in the image, there should only be the tabs **Latest | Notifications | Act & Rules | Reports**. Moreover, these are not working as I check these now.

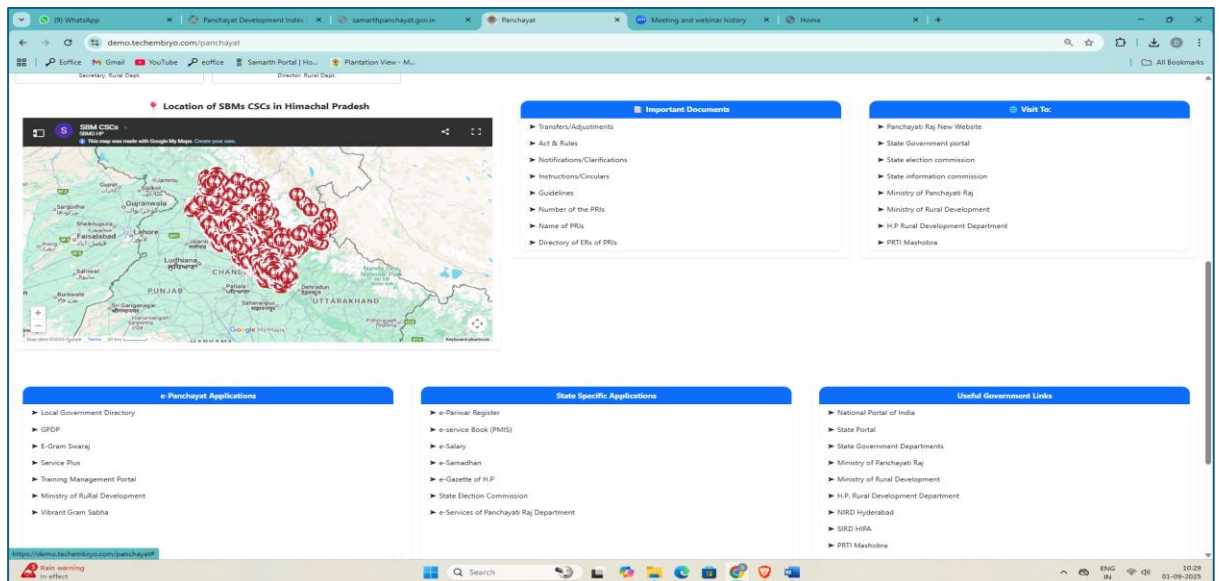

- After above section there should be section like below:

- **First Row:**
 - Rashtriya Gramin Swaraj Abhiyan
 - Central Finance Commission
 - (Design should align with overall website theme).
- **Second Row:**
 - Video Section (highlighting key programs).
 - Guidelines for Gram Sabha (ग्राम सभा के लिए दिशानिर्देश)
 - जन अधिकार ग्राम पंचायत कार्य संचालन मार्गदर्शिका
 - Relevant Books & Publications.

f. After the above section, there should be screen like as below and here also show the map part at the last div instead of first.

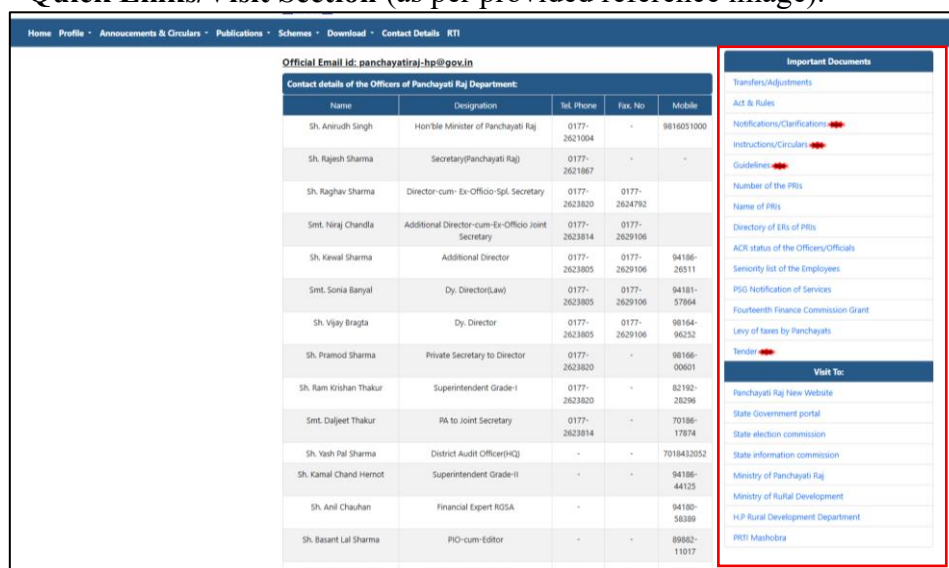

g. Add a “Last Updated On” field (auto-updated via CMS).

2. Sidebar (Across All Pages)

On the right side, display:

- **Important Documents** section.
- **Quick Links/Visit Section** (as per provided reference image).

3. For Accessibility option use the widget developed by UX4G in the website:

- The script for the same is as:

```
<script src="https://cdn.ux4g.gov.in/tools/accessibility-widget.js" async></script>
```
- And Documentation is as in below link:
<https://doc.ux4g.gov.in/ux4g-accessibility/accessibility-widgets.php>

4. Search Option:

- As per GIGW guidelines, include a Search Box prominently on the website (preferably in the header).

5. Add the Page for Tender, Training Material, Property Returns, Organization of Panchayats and Seniority list of the Employees. These pages will show PDF files as their data.
